Grumman-Olson went bankrupt in 2001, but was revived by managers as Morgan Olson. They still make a large step van, but the bulk of their business is converting Euro-van based vehicles. Although the time efficiency of a walk-in van for frequent deliveries is unbeatable, presumably the van-based vehicles with custom bodies are less costly.

This is my third Grumman van, and it is the same length and wheelbase as my first one. This one is a 1982, and has the 350cu Chevy small block and TH400 transmission. Some might argue that I should have a diesel in it. Well, if I was traveling many thousands of miles per year, perhaps. We've got a 16' Grumman at the shop with the 4BT Cummins in it.
