Some entrepreneurs don't give a hoot, while others scrupulously design and constantly de-risk a business model canvas (BMC), the model's visual representation. So why does it matter? The authors of Business Model Generation explain, 'a business model describes the rationale of how an organization creates, delivers, and captures value'.

5 Business Model Patterns for Online Enterprise | CodeTiburon

Patterns in Enterprise Software. In recent years there's been a small but useful growth in describing patterns for the development of enterprise systems. On this page I keep a list of the most notable catalogs on these patterns and some thoughts on the broad interrelationships between them.
