Key Issues in Poverty & Inequality - Stanford Center on Poverty and ...

Education is the social institution through which a society teaches its members the skills, knowledge, norms, and values they need to learn to become good, productive members of their society. As this definition makes clear, education is an important part of socialization. Education is both formal and informal. Formal education is often referred to as schooling, and as this term implies, it ...

11.1 An Overview of Education in the United States

This article shows the pattern of class differences in schooling outcomes and indicates some of the causes for those differences that lie within the public realm. It also points out the implications of the fact that the poor in the United States are disproportionately African Americans or recent immigrants; class biases are closely entwined with racial and ethnic inequities. I conclude with ...

Social Class in Public Schools | Jennifer L. Hochschild

Nations Population Fund noting that "there are wealth differences in school enrolment and attainment in virtually all developing countries" (UNFPA, 2002). These inequalities are also gendered, with girls far less likely to complete primary schooling than boys, and women representing two-thirds of illiterate adults in the world (Oxfam, 2003 ...

Social Class and Educational Inequalities: the local and the global

Due to their great ethnic and religious diversity, Americans have developed a more acute sense of political correctness, in an attempt to attenuate frictions between the various groups. Europeans still associate very much with their place of birth with their ethnicity, language and culture. In fact, until recently, adjectives for language, ethnic group and nationality would often match (with ...
