Epistemology in Islamic  
philosophy. Muslim  
philosophers agree  
that knowledge is  
possible. Knowledge is  
the intellect's grasp of  
the immaterial forms,  
the pure essences or  
universals that  
constitute the natures  
of things, and human  
happiness is achieved  
only through the  
intellect's grasp of such  
universals.
