Landscaping The Guide To Landscaping

Landscaping is a field dedicated to the design process, execution and maintenance of the land surrounding a property. This includes, but is not limited to, elements of architecture, gardening and exterior design. A good landscaper will show creativity in his work by manipulating a natural space into a unique environment that is functional and fits the taste of the homeowners.

Landscaping 101: The Beginner's Guide | Landscape Design ...

Any good garden design has a focal point or series of focal points, and it's an easy principle to put in place in landscape design for beginners. That may be a sculpture or a stunning plant, a tree, or a series of shrubs. Let the design draw your eyes around the landscape, Lipanovich says.
