This paper examines the variety of corporate venturing activities in the pharmaceutical and life science sectors, identifies the range of initiators, motives and structures, and evaluates the potential opportunities for professional venture capital firms. On the one hand, pharmaceutical companies need to maintain the new product pipeline that has increased the demand for technology acquisition ...

Spin-in or spin-out? Corporate ... - University of Sussex

Both trends have boosted corporate venturing activity. The study examines the venture activities of nine pharmaceutical firms, fourteen life science companies and seven corporate venture capital funds. The authors conclude that, while there is a wide range of venturing options, there is considerable confusion in the industry over ends and means.

Spin-In or Spin-Out?: Corporate Venturing in Life Sciences ...

Corporate venture capital (CVC) is the investment of corporate funds directly in external startup companies. CVC is defined by the Business Dictionary as the "practice where a large firm takes an equity stake in a small but innovative or specialist firm, to which it may also provide management and marketing expertise; the objective is to gain a specific competitive advantage."
