Different NuWave oven models offer different temperature settings. The following cooking times are based on an oven cooking temperature of 350 degrees fahrenheit. As you get to know your NuWave oven, you'll learn how to adjust the temperature and times to suit the meal that you are preparing.

NuWave Oven Cooking Guide - Food Fryer Guide

One recipe book for Nuwave calls for 425 - 450 degrees in some recipes. Also for food (tortillas) that would be 16 inches across and then for using spray oil sprayed on food already in oven. I don't think spraying Pam in the oven is a good idea. Maybe those items could be assembled on the rack and then place the rack in oven.
