### Manuals & Parts - Miller

With the S'wave 300, having an idea of DOM (date of manufacture) is a good thing. The 300's were manufactured from the early '70's to late '80's. Big span of time there. In my experience with machine repair & resale, that would be a more than minor factor in determining how much I was willing to pay for one.

### Syncrowave 250 - Miller

But If you have an old Tig welding machine like a Miller 330 abp, or a Syncrowave 300, Keep it. They literally do not make them like that anymore. Copper was cheap when those things were made and they put plenty of it in the machine. For the basic settings for tig welding aluminum with one of these old tig welding machines:

### Tig Welding Aluminum settings on Old welding machines

In all correspondence with ITW/Miller (including parts and manual requests) please provide the entire serial number. (Also include the letter suffix found at the end of the serial numbers on newer models. This letter indicates the manufacturing business unit.) Some models may use a Style Number rather than a Serial Number.
