This is a list of terms for describing texts, with an emphasis on terms that apply specifically to poetry, that appear most frequently in literary criticism, or for which dictionary definitions tend to be unenlightening. The list is intended as a quick-reference guide and is by no means exhaustive; similarly, the definitions given below aim for practical utility rather than completeness.

A Practical Guide to Evil is a YA fantasy novel about a young girl named Catherine Foundling making her way through the world – though, in a departure from the norm, not on the side of the heroes. Is there such a thing as doing bad things for good reasons, or is she just rationalizing her desire for control? Good and Evil are tricky concepts, and the more power you get the blurrier the lines ...

Do you struggle to analyse poetry? Don't be embarrassed. In this guide, we will show you how to analyse a poem in six steps. Analysing poetry is difficult and many students and adults struggle with it. Poetry is often written with restrictions around form and structure. Because of this, composers are often concise in ways that make poems cryptic or very dense with techniques and meaning ...

11 Types of Marketing Specializations: The Practical Guide. By Brianna Flavin on 01/04/2021 . Marketing is marketing—it’s all basically the same selling tactics, dressed up in different forms, right? While that has some truth to it, it drastically understates the complexity of the field. With so many avenues and approaches to “get the word out” these days, marketing has grown into an ...

In order to write effectively about poetry, one needs a clear idea of what the point of writing about poetry is. When you are assigned an analytical essay about a poem in an English class, the goal of the assignment is usually to argue a specific thesis about the poem, using your analysis of specific elements in the poem and how those elements relate to each other to support your thesis.
