Reflective practice is an integral aspect of your development as an engaged and forward-thinking educator. This chapter, and its predecessor, have advanced the position that to improve, to be more efficient, and to have a more holistic appreciation of the contexts and consequences of what we do as teachers, then it is only appropriate to reflect.

Reflective practice: why reflect?

Donald Schön 's 1983 book The Reflective Practitioner introduced concepts such as reflection-on-action and reflection-in-action which explain how professionals meet the challenges of their work with a kind of improvisation that is improved through practice. However, the concepts underlying reflective practice are much older.
