Wikibooks is a useful resource if you're

# Get Free To My Son With Love A Mothers Memory Book

curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Yes, I love my son. It's great that he now tells me that he loves me, too. ☺☺ It took us a while to get to the point where he felt comfortable enough to speak those words again, but we've been there for a while now, and I'm so happy about it. When he gives me hugs, it's even better; I can feel his strength and he makes me feel secure ...
