The GM High Feature engine (also known

Online Library Vz Commodore V6 Alloytec Engine Manual

as the HFV6, and including the 3600 LY7 and derivative LP1) is a family of modern General Motors DOHC V6 engines. The series was introduced in 2004 with the Cadillac CTS and the Holden Commodore (VZ).. It is a 60° 24-valve design with aluminum block and heads and Sequential multi-port fuel injection. Most versions feature continuously variable
